

Report on workshop

Title :- "Eco- hydrological Process & Resilience : Securing Water for the Future in the Era of Climate Change"

Date :- May 26th 2022

Preamble: Department of Civil Engineering, KSSEM Bangalore is conducting a technical talk for open elective students.

Participant's Profile: All Open elective students

Description about the Program:

26-06-2022: On the inaugural function at 11.40AM, Head of the department Dr Vijayalakshmi akella welcomed and introduced the speaker to the students.

11.45AM: Dr. H K Ramaraju Professor & Head of Civil Engineering at Dayananda Sagar College of Engineering, Bangalore spoke on the "Eco- hydrological Process & Resilience : Securing Water for the Future in the Era of Climate Change". One of the most severe and immediate effects of climate change can be seen on the availability of water in India. Every year the water supply infrastructure in the country is expanding under Jal Jeevan Mission, however, the water sources are shrinking. This situation is leading India towards a catastrophe that will have serious implications for the nation both on economic and social levels. Climate change has been taking a toll on the country's weather patterns, which in turn is impacting agriculture, human life, industries, and bio-diversity.

At the end of the session attendance and feedback was collected. The entire session was an interactive session and the speakers answered many queries raised by the participants. The entire programme was co-ordinated with the support of the Principal, HOD and faculty of the department of civil Engineering, KSSEM, Bangalore.

Feedback: All the students expressed their gratitude to resource persons and to the coordinator, department of civil Engineering, KSSEM, Bangalore for conducting technical talk on "Eco- hydrological Process & Resilience : Securing Water for the Future in the Era of Climate Change".

TECHNICAL LECTURE ON

“Eco- hydrological Process & Resilience : Securing Water for the Future in the Era of Climate Change”

(For Open Elective students)

BY Dr. H K Ramaraju

Professor & Head of Civil Engineering
at Dayananda Sagar College of Engineering, Bangalore

ABOUT SPEAKER: Dr. H K Ramaraju, has spent more than 20 years in teaching, research and consultancy. Presently working as Professor & Head of Civil Engineering at Dayananda Sagar College of Engineering, Bangalore. Dr H K Ramaraju has Graduate in Civil Engineering, Post Graduate in Environmental Engineering and Ph.D. in Civil-Environmental Engineering from University Visveswaraya College of Engineering (UVCE), Bangalore. He has published/presented 116 research papers in National/International Journals/Seminars/Conferences and Edited 7 technical volumes. His Research projects were funded by AICTE, UGC, VTU, MoES, MoS- KIOCL & ISRO, RDPR dept., DST amounting to 1.50 crores.
