Description of Extensive Survey camp conducted at Kaiwara

Extensive survey camp was arranged and conducted at a natural ground terrain situated near Kaiwara, Chintamani Taluk, Chickaballapura district. The initial training was arranged in the college campus for the students to learn about setting, data recording and data collection from the total station for a period of two days. After the initial training, the students were exposed to natural terrain on the outskirts of Kaiwara village for recording survey data in the projects namely New Tank Project, Old Tank Project, Highway Project, Water Supply and Sewerage Project and Town Planning survey for a period of six days. From the collected survey data, detailed calculations and drawings were prepared in AutoCAD and finally extensive survey camp report were made with respect to the above mentioned projects.
