The NSS Cell of KSSEM Conducted Government School Rejuvenation Program and To Achieve Good Infrastructure on 22/07/2023 at Sugganahalli, Magadi Taluq, Ramanagar District. The NSS Students of Mechanical Engineering, Artificial Intelligence and Data Science, Mechanical Engineering participated with great enthusiasm.

We conducted the event with great help by our Management, R. Rajagopal Naidu, President, KSGI, R. Leela Shankar Rao, Secretary, KSGI, T Neerajakshulu Naidu, Treasurer, KSGI, Dr. KVA Balaji, CEO, KSGI, Dr. K. Rama Narasimha, Principal/ Director, KSSEM, Dr. Balaji B., Professor & Head, Mechanical Engineering, Prof. Manjunath T K, Associate Professor and Head, Artificial Intelligence and Data Science, Dr. Vijayalakshmi Akella, Professor and Head, Civil Engineering and NSS Faculty coordinators.

The primary objective of NSS Programme was to improve the infrastructure and aesthetics of the government school Sugganahalli, Magadi Taluq, Ramanagar District. NSS students of Mechanical Engineering, Artificial Intelligence and Data Science, Mechanical Engineering were driven by the spirit of community service and sought to enhance the learning experience of the students studying at the institution.

The NSS students assembled at 9am at the KSSEM campus, where they were divided into seven groups, each designated for different activities. Students left the college by bus at 10.30am and reach the government school at 11.15am. The students were warmly welcomed by the school authorities and staff. Then students are divided into groups and assigned the following activities.

- Campus Cleaning
- Painting
- Teaching
- Plantation

One of the groups focused efforts in cleaning the school premises, including classrooms, the playground, and the surrounding areas, ensuring a hygienic and conducive space for the school's students and staff.

Another group dedicated their focus on revamping the school's aesthetics through painting. They worked diligently to beautify the walls and classrooms, infusing vibrant colors to create an inspiring learning environment

The team repainted the walls, creating a lively and vibrant atmosphere. Educational murals, inspiring quotes, and motivational artwork adorned the walls, fostering a positive learning ambiance

NSS Students taught many games for school students including Volley Ball, Kho - Kho etc. well-structured youth sports and on-going physical activities can provide many benefits for children. Positive experiences that sports and an active lifestyle bring play an important role in a young person's life.

Playing a sport requires a lot of time and energy. Some people may think this would distract student-athletes from schoolwork. However, the opposite is true. Sports require memorization, repetition and learning — skillsets that are directly relevant to class work. Also, the determination and goal-setting skills a sport requires can be transferred to the classroom.

Clearly, sports can help you reach your fitness goals and maintain a healthy weight. However, they also encourage healthy decision-making such as not smoking and not drinking. Sports also have hidden health benefits such as lowering the chance of osteoporosis or breast cancer later in life.

The dedicated NSS volunteer from KSSEM, exhibited exceptional leadership and commitment throughout this transformative project at the government school. Their efforts not only improved the physical infrastructure but also left a lasting impact on the lives of the school students and the local community. This project stands as a shining example of the power of volunteerism and its potential to bring about positive change in society.
