Dear Sir,

Subject: Memorandum of Understanding between KSGI and CSIR-NAL

The Kammavari Sangham is a non-profit voluntary service organization that has been serving the society in various fields since its establishment in 1952. The Sangham has been actively involved in the field of education, since 1992, and currently runs 5 technical education institutions at the Pre-university, undergraduate and post-graduate levels, namely K. S. Pre-University College, K. S. Polytechnic, K. S. Institute of Technology, K. S. School of Engineering and Management and K. S. School of Architecture.

K. S. School of Engineering and Management was established in 2010 and has been steadily growing as a center of strong technical education, with a robust team of students and faculty, with active research and educational achievements. The Institute is involved in organizing various technical events to enhance the skill of both faculty and students.

In order to further enhance the knowledge of our team, and collaborate with scientists and technical experts of the highest caliber, we would like to propose a Memorandum of Understanding with CSIR-NAL, enabling us to work together and form a strong center for knowledge sharing and research

Thanking You,

Yours Sincerely

AND

VI SOLUTIONS

This Agreement made and entered into on this 29th day of July 2016 between K S SCHOOL OF ENGINEERING AND MANAGEMENT, Bengaluru- 560109 and V I SOLUTIONS (hereinafter called "V I Solutions" which expression shall include its successors and permitted assignees) with its registered office at Bengaluru.

1. OBJECTIVES OF THE MOU

The objective of this Memorandum of Understanding is:

- a. to promote interaction between K S SCHOOL OF ENGINEERING AND MANAGEMENT and VI Solutions in mutually beneficial areas.
- b. to provide a formal basis for initiating interaction between K S SCHOOL OF ENGINEERING AND MANAGEMENT and VI Solutions.

2. PROPOSED MODES OF COLLABORATION

K S SCHOOL OF ENGINEERING AND MANAGEMENT and V I SOLUTIONS propose to collaborate through

- a. Supporting R&D projects, which may be carried out wholly at K S SCHOOL OF ENGINEERING AND MANAGEMENT.
- b. Any other appropriate mode of interaction agreed upon between K S SCHOOL OF ENGINEERING AND MANAGEMENT and V I SOLUTIONS.

3. FORMS OF RESEARCH AND DEVELOPMENT PROGRAMS

The form of any of the said Research and Development Program (hereinafter referred to as "Research Program") will be subject to a separate Research Agreement entered into by the Parties but may also include the following:

- a. In their own existing facilities - The performance of research individually by each Party or concurrently by both Parties in mixed groups at their own facilities with regular exchanges of results.
- b. In a separate research and development facility - The performance of research by the technical personnel of both Parties working together in the facilities of one Party or in mixed groups at the facilities supported/ sponsored by either Party.
- c. Third parties - The performance of research by the Parties together with one or more third parties.

4. TECHNICAL AREAS OF COLLABORATION

The principal technical areas of collaboration between K S SCHOOL OF ENGINEERING AND MANAGEMENT and V I SOLUTIONS will be as Communications, Signal Processing and Image Processing.

 - is received from a third party having no obligations of confidentiality to the disclosing party,
 - is independently developed by the receiving party; or
 - is required to be disclosed by law or court order.

7. NON-EXCLUSIVITY

The relationship of the parties under this MOU shall be nonexclusive and both parties, including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a particular research agreement, the participants may agree to limit each party's right to collaborate with others on that subject.

8. TERMS AND TERMINATION

This MOU, unless extended by mutual written agreement of the parties, shall expire 3 years after the effective date specified in the opening paragraph. This MOU may be amended or terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MOU upon 60 days prior written notice to the other party. However, no such early termination of this MOU, whether mutual or unilateral, shall affect the obligations of the participants under any Research Agreement, Confidentiality clause as referenced in clause 6 above, or any other agreement entered into pursuant to this MOU, which obligations shall survive any such termination.

9. RELATIONSHIP

Nothing in this MOU shall be construed to make either party a partner, an agent or legal representative of the other for any purpose.

- (a) **Curriculum:** The College will introduce a lab-based course using the National Instruments Platform in their undergraduate/Postgraduate engineering curriculum. The college will also explore other ways to introduce Virtual Instrumentation in their curriculum. VI Solutions will help the college in framing Course outline and experiment list.
- (b) **Hands-on-Workshop:** VI Solutions will organize at least one hands-on-workshop on "Embedded System Design" for students and its faculty members as agreed terms and conditions every year. The College will provide the infrastructure facility for conducting such workshop in the campus. VI Solutions will provide certificates for the participants for workshops authorized by National Instruments.

Recent Trends in Artificial Intelligence” –Expert Lecture

Department of Electronics and Communication Engineering organized an Expert Lecture on “Recent Trends in Artificial Intelligence” on 14th of December 2020. The Lecture was presented by Resource Person Mr. Mohan H M, Educational Technical evangelist/ Research Engineer, AI from Digital Shark Technology. The event was conducted on Zoom platform for Final year ECE students.

The goal of any technical institution is to produce skilled, globally competent professionals through quality technical education and to prepare them for immediate employment. Industries engross these knowledgeable professionals and enhance its production capabilities by contributing to latest technologies. To produce proficient graduates ready for industry, it is necessary to know the requirements of the industries through Industry Institute Interaction. Therefore to build good rapport between industry and institute, institutes should have Memorandum of Understanding (MO U’s) with industries.

We KSSEM walk forward with the motto of establishing institute-industry linkages through MO U with many industries. One such is Digital Shark Technologies.

'Do Engineering' with Graphical Programming using LabVIEW

Department of Electronics and communication Engineering was organized a 3 days hands-on workshop on Lab-VIEW from 27th February to 29th February 2020 for 4th, 6th and 8th semester students. The workshop was conducted by VI-Solutions who are the alliance partners of NATIONALINSTRUMENTS [NI]. The workshop inaugurated by Chief Guest Mr. Nagarajan and Mr. Vasanth Kumar, resource persons VI-solutions, Dr. K Rama Narasimha, Principal, KSSEM and Dr. Girish. V Attired, HOD, Dept. of ECE, KSSEM. The program began with the invocation song followed by a Lightening the Lamp. Dr. Girish Attimard welcomed the gathering. The Principal addressed the students and told about the importance of the Lab-VIEW Hands on & its practical application in the current scenario. Mrs. Kripa from ECE dept. introduced the Chief Gust.
